We need to decide who is the teamleader in each team

The name blocks ar

players can vote [ or  
player with the mos  
will be teamleader

When all layers have  
[ and there is a majority  
The teamleader will  
be highlighted as a different color

If there is a tie in vc  
We do a vote round  
Or I as presenter make

Once the teamleader  
he gets a new screen  
And here he can fill  
01/04 [ same as before
